rfk jr hillsdale college speech: American Values Robert F. Kennedy, Jr., 2018-05-15 With rich detail, compelling honesty, and a storyteller's gift, RFK Jr. describes his life growing up Kennedy in a tumultuous time in history that eerily echoes the issues of nuclear confrontation, religion, race, and inequality that we confront today. "With emotion and striking detail, RFK Jr. recalls both the private joys and very public pain of his childhood."— Independent Catholic News In this powerful book that combines the best aspects of memoir and political history, the third child of Attorney General Robert Kennedy and nephew of JFK takes us on an intimate journey through his life, including watershed moments in the history of our nation. Stories of his grandparents Joseph and Rose set the stage for their nine remarkable children, among them three U.S. senators—Teddy, Bobby, and Jack—one of whom went on to become attorney general, and the other, the president of the United States. We meet Allen Dulles and J. Edgar Hoover, two men whose agencies posed the principal threats to American democracy and values. We live through the Cuban Missile Crisis, when insubordinate spies and belligerent generals in the Pentagon and Moscow brought the world to the cliff edge of nuclear war. At Hickory Hill in Virginia, where RFK Jr. grew up, we encounter the celebrities who gathered at the second most famous address in Washington, members of what would later become known as America's Camelot. Through his father's role as attorney general we get an insider's look as growing tensions over civil rights led to pitched battles in the streets and 16,000 federal troops were called in to enforce desegregation at Ole Miss. We see growing pressure to fight wars in Southeast Asia to stop communism. We relive the assassination of JFK, RFK's run for the presidency that was cut short by his own death, and the aftermath of those murders on the Kennedy family. RFK Jr. also shares his own experiences, not just with historical events and the movers who shaped them but also with his mother and father, with his own struggles with addiction, and with the ways he eventually made peace with both his Kennedy legacy and his own demons. A lyrically written book that provides insight, hope, and steady wisdom for Americans as they wrestle, as never before, with questions about America's role in history and the world and what it means to be American.

rfk jr hillsdale college speech: Framed Robert F. Kennedy Jr., 2016-07-12 The New York Times bestseller - now in paperback, with a new afterword "A must-read for those who care about justice and integrity in our public institutions." —Alan M. Dershowitz, Esq. The Definitive Story of One of the Most Infamous Murders of the Twentieth Century and the Heartbreaking Miscarriage of Justice That Followed On Halloween, 1975, fifteen-year-old Martha Moxley's body was found brutally murdered outside her home in swanky Greenwich, Connecticut. Twenty-seven years after her death, the State of Connecticut spent some \$25 million to convict her friend and neighbor, Michael Skakel, of the murder. The trial ignited a media firestorm that transfixed the nation. Now Skakel's cousin Robert F. Kennedy, Jr., solves the baffling whodunit and clears Michael Skakel's name. In this revised edition, which includes developments following the Connecticut Supreme Court decision, Kennedy chronicles how Skakel was railroaded amidst a media frenzy and a colorful cast of characters—from a crooked cop and a narcissistic defense attorney to a parade of perjuring witnesses.

rfk jr hillsdale college speech: Slanted Sharyl Attkisson, 2020-11-24 USA TODAY BESTSELLER! New York Times bestselling author Sharyl Attkisson takes on the media's misreporting on Black Lives Matter, coronavirus, Joe Biden, Silicon Valley censorship, and more. When the facts don't fit their Narrative, the media abandons the facts, not the Narrative. Virtually every piece of information you get through the media has been massaged, shaped, curated, and manipulated before it reaches you. Some of it is censored entirely. The news can no longer be counted on to reflect all the facts. Instead of telling us what happened yesterday, they tell us what's new in the prepackaged soap opera they've been calling the news. For the past four years, five-time

Emmy Award-winning investigative journalist and New York Times bestselling author Sharyl Attkisson has been collecting and dissecting alarming incidents tracing the shocking devolution of what used to be the most respected news organizations on the planet. For the first time, top news executives and reporters representing every major national television news outlet—from ABC, CBS, NBC, and CNN to FOX and MSNBC—speak frankly, confiding in Attkisson about the death of the news as they once knew it. Their concern transcends partisan divides. Most frightening of all, a broad campaign in the media has convinced many Americans not only to accept but to demand censorship over journalism. It is a stroke of genius on the part of those seeking to influence public opinion: undermine public confidence in the news, then insist upon “curating” information and divining the “truth.” The thinking is done for you. They’ll decide which pesky facts shouldn’t cross your desk by declaring them false, irrelevant, debunked, unsafe, or out-of-bounds. We have reached a state of utter absurdity, where journalism schools teach students that their own, personal truth or chosen narratives matter more than reality. In *Slanted*, Attkisson digs into the language of propagandists, the persistence of false media narratives, the driving forces behind today’s dangerous blend of facts and opinion, the abandonment of journalism ethics, and the new, Orwellian definition of what it means to report the news.

rfk jr hillsdale college speech: *The Party* Richard McGregor, 2012-07-31 In this provocative and illuminating account, Richard McGregor offers a captivating portrait of China’s Communist Party, its grip on power and control over China, and its future. China’s political and economic growth in the past three decades has been one of astonishing, epochal dimensions. The most remarkable part of this transformation, however, has been left largely untold—the central role of the Chinese Communist Party. In *The Party*, Richard McGregor delves deeply into China’s inner sanctum for the first time, showing how the Communist Party controls the government, courts, media, and military and keeps all corruption accusations against its members in-house. The Party’s decisions have a global impact, yet the CCP remains a deeply secretive body, hostile to the law and unaccountable to anyone or anything other than its own internal tribunals. It is the world’s only geopolitical rival of the United States, and is primed to think the worst of the West.

rfk jr hillsdale college speech: *Churchill and de Gaulle* Will Morrissey, 2015 This book compares Churchill and de Gaulle as they thought, spoke, and acted through two world wars and the subsequent Cold War. Although the world is very different now, this nuanced history shows how thinking along with these giants of the twentieth century as they responded to the crises of their time will make us more thoughtful citizens today.

rfk jr hillsdale college speech: *The Stakes* Michael Anton, 2020-09-01 AMERICA AT THE POINT OF NO RETURN The next election is the most important one America has faced in more than a century. That’s not campaign hype. America is divided as almost never before—with contesting political factions regarding themselves not as rivals but as enemies. And the frightening thing is that, in large part, they’re right. The Democratic Party has become the party of “identity politics”—and every one of those identities is defined against a unifying national heritage of patriotism, pride in America’s past, and hope for a shared future. Offering only antagonism based on group identity—whether race, sex, or something else—the Democrats look forward to imposing nationally what they have achieved in California: one-party rule in a lockdown nation, where the ruling class makes every decision and doles out benefits to favored groups. Against them is a divided Republican Party. Gravely misunderstanding the opposition, old-style Republicans still seek bipartisanship and accommodation, wrongly assuming that Democrats care about playing by the tiresome old rules laid down in the Constitution and other fundamental charters of American liberty. The new core of the Republican Party is the populists and nationalists, who are tired of losing. The party’s only hope of victory, they are all that stand between the United States as we have traditionally understood it and a revolution—less dramatic in appearance but just as consequential as the Bolshevik Revolution in Russia. Michael Anton, the author of the most scathing, memorable, and quoted essay of the 2016 campaign season, “The Flight 93 Election”—which Rush Limbaugh called “one of the greatest columns ever written”—now explains in depth why the stakes have risen

even higher. Ranging across every hot-button political topic of our time—from immigration to nationalism to war—and informed by a profound understanding of classical and American political philosophy, *The Stakes* will transform the way you view politics and America's future.

rfk jr hillsdale college speech: *Matterhorn* Karl Marlantes, 2010-04-01 Intense, powerful, and compelling, *Matterhorn* is an epic war novel in the tradition of Norman Mailer's *The Naked and the Dead* and James Jones's *The Thin Red Line*. It is the timeless story of a young Marine lieutenant, Waino Mellas, and his comrades in Bravo Company, who are dropped into the mountain jungle of Vietnam as boys and forced to fight their way into manhood. Standing in their way are not merely the North Vietnamese but also monsoon rain and mud, leeches and tigers, disease and malnutrition. Almost as daunting, it turns out, are the obstacles they discover between each other: racial tension, competing ambitions, and duplicitous superior officers. But when the company finds itself surrounded and outnumbered by a massive enemy regiment, the Marines are thrust into the raw and all-consuming terror of combat. The experience will change them forever. Written by a highly decorated Marine veteran over the course of thirty years, *Matterhorn* is a spellbinding and unforgettable novel that brings to life an entire world—both its horrors and its thrills—and seems destined to become a classic of combat literature.

rfk jr hillsdale college speech: *Taken for Granted* Gianno Caldwell, 2019-11-12 A Fox News political analyst tackles some of our communities' toughest challenges with timely insight from his own life: the story of how conservative values helped a kid from the South Side of Chicago find a life of opportunity. "A must-read."—Brian Kilmeade, bestselling author of *Sam Houston* and *the Alamo* Avengers Born to a mother consumed by drugs and raised by his grandmother in poverty on the South Side of Chicago, Gianno Caldwell saw firsthand how lawmakers from both parties have failed African American voters on issues like poverty, welfare, and education. But as someone who beat the odds growing up under a fear-based mentality that limits what people can achieve, Caldwell believes there's another way. In this groundbreaking book, the Fox News analyst describes his personal journey while detailing a hopeful vision for a nation no longer beholden to identity politics and self-limitations. Trapped within the expectations and traditions of our communities, families, political parties, faith, race, and gender, we fail to challenge our politicians and ourselves to create real change. Now more than ever, we need to confront preconceived notions about the Democrats and Republicans, public policy, and American history. Looking at the obstacles facing urban communities, such as crime, education, and social mobility, Caldwell digs beneath the statistics. By spotlighting the moments that enabled his rise to success, he proffers steps that can help more people overcome the odds—whether through policy reform or the heroic efforts of men and women who are already working to make a difference in their own communities.

rfk jr hillsdale college speech: *James Madison* Richard Brookhiser, 2011-09-27 Chronicles the life and career of the fourth American president, including his work constructing the U.S. Constitution, his role in shaping American politics, his influence on partisan journalism, and his leadership during the War of 1812.

rfk jr hillsdale college speech: *New Deal Or Raw Deal?* Burton W. Folsom, 2009-11-17 ultimately elevating public opinion of his administration but falling flat in achieving the economic revitalization that America so desperately needed from the Great Depression. Folsom takes a critical, revisionist look at Roosevelt's presidency, his economic policies, and his personal life. Elected in 1932 on a buoyant tide of promises to balance the increasingly uncontrollable national budget and reduce the catastrophic unemployment rate, the charismatic thirty-second president not only neglected to pursue those goals, he made dramatic changes to federal programming that directly contradicted his campaign promises. Price fixing, court packing, regressive taxes, and patronism were all hidden inside the alphabet soup of his popular New Deal, putting a financial strain on the already suffering lower classes and discouraging the upper classes from taking business risks that potentially could have jostled national cash flow from dormancy.

rfk jr hillsdale college speech: *The Sweet Indifference of the World* Peter Stamm, 2020-01-23 Christoph, a middle-aged writer, has a story to share with Lena, a young actress. A long time ago, he

was in a relationship with a woman called Magdalena, who was also an actress. Lena is currently in a relationship with a man called Chris, who is also a writer. As the two talk, it becomes clear that the two relationships contain echoes, similarities, and coincidences too remarkable to be called coincidences. Are Chris and Lena doomed to repeat Christoph and Magdalena's broken relationship, or are Christoph and Magdalena a warning from the future? Who really exists? Is there such a thing as fate? And so begins a uniquely existential game of past and present that will leave no one unharmed.

rfk jr hillsdale college speech: *The Age of Entitlement* Christopher Caldwell, 2021-01-05 A major American intellectual and "one of the right's most gifted and astute journalists" (The New York Times Book Review) makes the historical case that the reforms of the 1960s, reforms intended to make the nation more just and humane, left many Americans feeling alienated, despised, misled—and ready to put an adventurer in the White House. Christopher Caldwell has spent years studying the liberal uprising of the 1960s and its unforeseen consequences and his conclusion is this: even the reforms that Americans love best have come with costs that are staggeringly high—in wealth, freedom, and social stability—and that have been spread unevenly among classes and generations. Caldwell reveals the real political turning points of the past half-century, taking you on a roller-coaster ride through Playboy magazine, affirmative action, CB radio, leveraged buyouts, iPhones, Oxycotin, Black Lives Matter, and internet cookies. In doing so, he shows that attempts to redress the injustices of the past have left Americans living under two different ideas of what it means to play by the rules. Essential, timely, hard to put down, *The Age of Entitlement* "is an eloquent and bracing book, full of insight" (New York magazine) about how the reforms of the past fifty years gave the country two incompatible political systems—and drove it toward conflict.

rfk jr hillsdale college speech: *Unfreedom of the Press* Mark R. Levin, 2020-08-11 Six-time New York Times bestselling author, FOX News star, and radio host Mark R. Levin "trounces the news media" (The Washington Times) in this timely and groundbreaking book demonstrating how the great tradition of American free press has degenerated into a standardless profession that has squandered the faith and trust of the public. *Unfreedom of the Press* is not just another book about the press. In "Levin's finest work" (Breitbart), he shows how those entrusted with news reporting today are destroying freedom of the press from within—not through actions of government officials, but with its own abandonment of reportorial integrity and objective journalism. With the depth of historical background for which his books are renowned, Levin takes you on a journey through the early American patriot press, which proudly promoted the principles set forth in the Declaration of Independence and the Constitution. This is followed by the early decades of the Republic during which newspapers around the young country were open and transparent about their fierce allegiance to one political party or another. It was only at the start of the Progressive Era and the 20th century that the supposed "objectivity of the press" first surfaced, leaving us where we are today: with a partisan party-press overwhelmingly aligned with a political ideology but hypocritically engaged in a massive untruth as to its real nature.

rfk jr hillsdale college speech: *Crimes Against Nature* Robert Francis Kennedy, 2005 An impassioned, excoriating account of how Bush and big business are plundering the environment - and raking in the profits. Robert F. Kennedy, one of the world's most prominent environmental lawyers, charges the White House with the crime of pursuing private profit and personal power at the expense of clean air, clean water and live wildlife, enriching the President's pals while lowering the quality of life for the rest of us. Kennedy lifts the lid on an administration whose policies have looted American money, helped its most notorious polluters and deceived its public. He shows how, in a cabinet that boasts more CEOs than any in history, industry lobbyists wield an unprecedented influence on policy; how the government has rolled back key environmental laws and suppressed reports on issues like global warming while covering up its true agenda with clever PR; how Bush preaches individualism yet doles out lavish subsidies to the energy barons; and how everyone's health and security worldwide are being sacrificed at the altar of profit.

rfk jr hillsdale college speech: *An Introduction to Forensic Linguistics* Malcolm Coulthard,

Alison Johnson, 2007-11-28 Overview of the interface of language and the law, illustrated with authentic data and contemporary case studies. Topics include collection of evidence, discourse, courtroom interaction, legal language, comprehension and forensic phonetics.

rfk jr hillsdale college speech: *Enemies and Allies* Joel C. Rosenberg, 2021-09-07 USA Today bestseller! Do recent changes in the Middle East signal peace? One Arab country after another is signing historic, game-changing peace, trade, investment, and tourism deals with Israel. At the same time, Russia, Iran, and Turkey are forming a highly dangerous alliance that could threaten the Western powers. Meanwhile, the U.S. is drawing down its military forces in the Mideast and focusing on matters closer to home. Wheres it all heading? New York Times bestselling author Joel C. Rosenberg, based in Jerusalem, skillfully and clearly explains the sometimes-encouraging, sometimes-violent, yet rapidly shifting landscape in Israel and the Arab/Muslim world. *Enemies and Allies* will take readers behind closed doors in the Middle East and introduce them to the very kings and crown princes, presidents and prime ministers who are leading the change. Includes exclusive, never-before-published quotes, insights, and analysis from the authors conversations with some of the most complex and controversial leaders in the world: Saudi Crown Prince Mohammed bin Salman (MBS) Egypt's President Abdel Fattah el-Sisi Jordans King Abdullah II United Arab Emirates Crown Prince Mohammed bin Zayed (MBZ) Israeli prime minister Benjamin Netanyahu Israeli president Reuven Rivlin

rfk jr hillsdale college speech: *Family Policy Matters* Karen Bogenschneider, 2003-01-30 Drawing on hundreds of studies in the last 20 years, the new edition of *Family Policy Matters* brings a fresh perspective to family policy, underscoring why it is needed, and outlining how policymaking should be approached. Author Karen Bogenschneider proposes a theoretical framework for conceptualizing policy issues in a way that holds the potential for overcoming controversy and identifying common ground. This new edition includes updates on the most current research, including: *new issues that have changed the political landscape for families (e.g. strengthening marriage initiative, same-sex marriage); *an updated section on state statutes or Governor's orders that require family impact analysis; *a new chapter on the history of family policy in this century; *a new appendix on how to conduct a family impact analysis; and *two new case studies on writing family policy newsletters for state policymakers and teaching family impact analysis to the general public. *Instructor's Manual with sample syllabi for both undergraduate and graduate courses, suggested readings, assignments, and class activities, discussion questions, daily lesson plans, instructor insights, special presentations to enrich one's class, and PowerPoint slides. The targeted audience includes researchers interested in seeing their research and ideas acted upon in the policy world; family professionals who work to connect research and policymaking; and instructors interested in making family policy come alive for undergraduate and graduate students. This book is an ideal textbook for family policy courses.

rfk jr hillsdale college speech: *Rising Star* David Garrow, 2017-05-09 New York Times Bestseller *Rising Star* is the definitive account of Barack Obama's formative years that made him the man who became the forty-fourth president of the United States—from the Pulitzer Prize-winning author of *Bearing the Cross* Barack Obama's speech at the 2004 Democratic National Convention instantly catapulted him into the national spotlight and led to his election four years later as America's first African-American president. In this penetrating biography, David J. Garrow delivers an epic work about the life of Barack Obama, creating a rich tapestry of a life little understood, until now. *Rising Star: The Making of Barack Obama* captivantly describes Barack Obama's tumultuous upbringing as a young black man attending an almost-all-white, elite private school in Honolulu while being raised almost exclusively by his white grandparents. After recounting Obama's college years in California and New York, Garrow charts Obama's time as a Chicago community organizer, working in some of the city's roughest neighborhoods; his years at the top of his Harvard Law School class; and his return to Chicago, where Obama honed his skills as a hard-knuckled politician, first in the state legislature and then as a candidate for the United States Senate. Detailing a scintillating, behind-the-scenes account of Obama's 2004 speech, a moment that labeled him the Democratic

Party's rising star, Garrow also chronicles Obama's four years in the Senate, weighing his stands on various issues against positions he had taken years earlier, and recounts his thrilling run for the White House in 2008. In *Rising Star*, David J. Garrow has created a vivid portrait that reveals not only the people and forces that shaped the future president but also the ways in which he used those influences to serve his larger aspirations. This is a gripping read about a young man born into uncommon family circumstances, whose faith in his own talents came face-to-face with fantastic ambitions and a desire to do good in the world. Most important, *Rising Star* is an extraordinary work of biography—tremendous in its research and storytelling, and brilliant in its analysis of the all-too-human struggles of one of the most fascinating politicians of our time.

rfk jr hillsdale college speech: Rules for Radicals Saul Alinsky, 2010-06-30 “This country's leading hell-raiser (The Nation) shares his impassioned counsel to young radicals on how to effect constructive social change and know “the difference between being a realistic radical and being a rhetorical one.” First published in 1971 and written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

rfk jr hillsdale college speech: The Case for Nationalism Rich Lowry, 2019-11-05 It is one of our most honored clichés that America is an idea and not a nation. This is false. America is indisputably a nation, and one that desperately needs to protect its interests, its borders, and its identity. The Brexit vote and the election of Donald Trump swept nationalism to the forefront of the political debate. This is a good thing. Nationalism is usually assumed to be a dirty word, but it is a foundation of democratic self-government and of international peace. National Review editor Rich Lowry refutes critics on left and the right, reclaiming the term “nationalism” from those who equate it with racism, militarism and fascism. He explains how nationalism is an American tradition, a thread that runs through such diverse leaders as Alexander Hamilton, Teddy Roosevelt, Martin Luther King, Jr., and Ronald Reagan. In *The Case for Nationalism*, Lowry explains how nationalism was central to the American Project. It fueled the American Revolution and the ratification of the Constitution. It preserved the country during the Civil War. It led to the expansion of the American nation's territory and power, and eventually to our invaluable contribution to creating an international system of self-governing nations. It's time to recover a healthy American nationalism, and especially a cultural nationalism that insists on the assimilation of immigrants and that protects our history, civic rituals and traditions, which are under constant threat. At a time in which our nation is plagued by self-doubt and self-criticism, *The Case for Nationalism* offers a path for America to regain its national self-confidence and achieve continued greatness.

rfk jr hillsdale college speech: A Plague Upon Our House Scott W. Atlas, 2021-11-23 As seen on Tucker Carlson, The Ingraham Angle, The Megyn Kelly Show, The Clay Travis & Buck Sexton Show, The Next Revolution with Steve Hilton and more! What really happened behind the scenes at the Trump White House during the COVID pandemic? When Dr. Scott W. Atlas was tapped by Donald Trump to join his COVID Task Force, he was immediately thrust into a maelstrom of scientific disputes, policy debates, raging egos, politically motivated lies, and cynical media manipulation. Numerous myths and distortions surround the Trump Administration's handling of the crisis, and many pressing questions remain unanswered. Did the Trump team really bungle the response to the pandemic? Were the right decisions made about travel restrictions, lockdowns, and mask mandates? Are Drs. Anthony Fauci and Deborah Birx competent medical experts or timeserving bureaucrats? Did half a million people really die unnecessarily because of Trump's incompetence? So far no trusted figure has emerged who can tell the story straight—until now. In this unfiltered insider account, Dr. Scott Atlas brings us directly into the White House, describes the key players in the crisis, and assigns credit and blame where it is deserved. The book includes shocking evaluations of the Task Force members' limited knowledge and grasp of the science of COVID and details heated discussions with Task Force members, including all of the most

controversial episodes that dominated headlines for weeks. Dr. Atlas tells the truth about the science and documents the media's relentless campaign to suffocate it, which included canceled interviews, journalists' off-camera hostility in White House briefings, and intentional distortion of facts. He also provides an inside account of the delays and timelines involving vaccines and other treatments, evaluates the impact of the lockdowns on American public health, and indicts the relentless war on truth waged by Big Business and Big Tech. No other book contains these revelations. Millions of people who trust Dr. Atlas will want to read this dramatic account of what really went on behind the scenes in the White House during the greatest public health crisis of the 21st century.

rfk jr hillsdale college speech: Kennedy and King Steven Levington, 2017-06-06 A New York Times Editors' Choice Pick Kennedy and King is an unqualified masterpiece of historical narrative . . . A landmark achievement. -- Douglas Brinkley, New York Times bestselling author of Rosa Parks Kennedy and King traces the emergence of two of the twentieth century's greatest leaders, their powerful impact on each other and on the shape of the civil rights battle between 1960 and 1963. These two men from starkly different worlds profoundly influenced each other's personal development. Kennedy's hesitation on civil rights spurred King to greater acts of courage, and King inspired Kennedy to finally make a moral commitment to equality. As America still grapples with the legacy of slavery and the persistence of discrimination, Kennedy and King is a vital, vivid contribution to the literature of the Civil Rights Movement.

rfk jr hillsdale college speech: A Shot to Save the World Gregory Zuckerman, 2021-10-26 An inspiring and informative page-turner. --Walter Isaacson Longlisted for the FT/McKinsey Business Book of the Year Award The authoritative account of the race to produce the vaccines that are saving us all, from the #1 New York Times bestselling author of The Man Who Solved the Market Few were ready when a mysterious respiratory illness emerged in Wuhan, China in January 2020. Politicians, government officials, business leaders, and public-health professionals were unprepared for the most devastating pandemic in a century. Many of the world's biggest drug and vaccine makers were slow to react or couldn't muster an effective response. It was up to a small group of unlikely and untested scientists and executives to save civilization. A French businessman dismissed by many as a fabulist. A Turkish immigrant with little virus experience. A quirky Midwesterner obsessed with insect cells. A Boston scientist employing questionable techniques. A British scientist despised by his peers. Far from the limelight, each had spent years developing innovative vaccine approaches. Their work was met with skepticism and scorn. By 2020, these individuals had little proof of progress. Yet they and their colleagues wanted to be the ones to stop the virus holding the world hostage. They scrambled to turn their life's work into life-saving vaccines in a matter of months, each gunning to make the big breakthrough—and to beat each other for the glory that a vaccine guaranteed. A #1 New York Times bestselling author and award-winning Wall Street Journal investigative journalist lauded for his “bravura storytelling” (Gary Shteyngart) and “first-rate” reporting (The New York Times), Zuckerman takes us inside the top-secret laboratories, corporate clashes, and high-stakes government negotiations that led to effective shots. Deeply reported and endlessly gripping, this is a dazzling, blow-by-blow chronicle of the most consequential scientific breakthrough of our time. It's a story of courage, genius, and heroism. It's also a tale of heated rivalries, unbridled ambitions, crippling insecurities, and unexpected drama. A Shot to Save the World is the story of how science saved the world.

rfk jr hillsdale college speech: A Wolf at the Schoolhouse Door Jack Schneider, Jennifer C. Berkshire, 2023-03-07 A trenchant analysis of how public education is being destroyed in overt and deceptive ways—and how to fight back In the “vigorous, well-informed” (Kirkus Reviews) A Wolf at the Schoolhouse Door, the co-hosts of the popular education podcast Have You Heard expose the potent network of conservative elected officials, advocacy groups, funders, and think tanks that are pushing a radical vision to do away with public education. “Cut[ing] through the rhetorical fog surrounding a host of free-market reforms and innovations” (Mike Rose), Jack Schneider and Jennifer Berkshire lay bare the dogma of privatization and reveal how it fits into the current context of right-wing political movements. A Wolf at the Schoolhouse Door “goes above and beyond the

typical explanations” (SchoolPolicy.org), giving readers an up-close look at the policies—school vouchers, the war on teachers’ unions, tax credit scholarships, virtual schools, and more—driving the movement’s agenda. Called “well-researched, carefully argued, and alarming” by Library Journal, this smart, essential book has already incited a public reckoning on behalf of the millions of families served by the American educational system—and many more who stand to suffer from its unmaking. “Just as with good sci-fi,” according to Jacobin, “the authors make a compelling case that, based on our current trajectory, a nightmare future is closer than we think.”

rfk jr hillsdale college speech: The Ambitious Elementary School Elizabeth McGhee Hassrick, Stephen W. Raudenbush, Lisa Rosen, 2017-04-21 The challenge of overcoming educational inequality in the United States can sometimes appear overwhelming, and great controversy exists as to whether or not elementary schools are up to the task, whether they can ameliorate existing social inequalities and initiate opportunities for economic and civic flourishing for all children. This book shows what can happen when you rethink schools from the ground up with precisely these goals in mind, approaching educational inequality and its entrenched causes head on, student by student. Drawing on an in-depth study of real schools on the South Side of Chicago, Elizabeth McGhee Hassrick, Stephen W. Raudenbush, and Lisa Rosen argue that effectively meeting the challenge of educational inequality requires a complete reorganization of institutional structures as well as wholly new norms, values, and practices that are animated by a relentless commitment to student learning. They examine a model that pulls teachers out of their isolated classrooms and places them into collaborative environments where they can share their curricula, teaching methods, and assessments of student progress with a school-based network of peers, parents, and other professionals. Within this structure, teachers, school leaders, social workers, and parents collaborate to ensure that every child receives instruction tailored to his or her developing skills. Cooperating schools share new tools for assessment and instruction and become sites for the training of new teachers. Parents become respected partners, and expert practitioners work with researchers to evaluate their work and refine their models for educational organization and practice. The authors show not only what such a model looks like but the dramatic results it produces for student learning and achievement. The result is a fresh, deeply informed, and remarkably clear portrait of school reform that directly addresses the real problems of educational inequality.

rfk jr hillsdale college speech: Free Speech and Koch Money Ralph Wilson, Isaac Kamola, 2021-11-20 The demand for free speech on campus is a distraction, we need to follow the money

rfk jr hillsdale college speech: The Dying Citizen Victor Davis Hanson, 2021-10-05 The New York Times bestselling author of *The Case for Trump* explains the decline and fall of the once cherished idea of American citizenship. Human history is full of the stories of peasants, subjects, and tribes. Yet the concept of the “citizen” is historically rare—and was among America’s most valued ideals for over two centuries. But without shock treatment, warns historian Victor Davis Hanson, American citizenship as we have known it may soon vanish. In *The Dying Citizen*, Hanson outlines the historical forces that led to this crisis. The evisceration of the middle class over the last fifty years has made many Americans dependent on the federal government. Open borders have undermined the idea of allegiance to a particular place. Identity politics have eradicated our collective civic sense of self. And a top-heavy administrative state has endangered personal liberty, along with formal efforts to weaken the Constitution. As in the revolutionary years of 1848, 1917, and 1968, 2020 ripped away our complacency about the future. But in the aftermath, we as Americans can rebuild and recover what we have lost. The choice is ours.

rfk jr hillsdale college speech: After the Flight 93 Election Michael Anton, 2019-02-05 In September 2016, the provocative essay “The Flight 93 Election” galvanized many voters by spotlighting the stakes ahead in November and reproaching complacent elements of the Right. It also drew disparagement from many who judged it too apocalyptic in its assessment of the options facing the electorate. Its author, Michael Anton—writing as “Publius Decius Mus”—addressed the main criticisms of his argument soon afterward in a “Restatement on Flight 93.” A new criticism emerged later on: that he had painted a dire scenario to be averted, but no positive vision. Here,

Anton presents the positive ideal that inspired him—a distillation of his thinking on Americanism and the West, refined over decades. He lays out the foundational principles of the American and Western traditions, examines the biggest threats to their survival, and underscores the necessity of continuing to defend them.

rfk jr hillsdale college speech: *The Last Campaign* Thurston Clarke, 2008-05-27 Tells the story of Robert F. Kennedy's 1968 Presidential campaign.

rfk jr hillsdale college speech: *Robert Kennedy* James Hilty, 2000-04-04 For most of his life, Robert Kennedy stood in the shadow cast by his older brother, John; only after President Kennedy's assassination did the public gain a complete sense of Robert (Bobby, we called him) as a committed advocate for social justice and a savvy politician in his own right. In this comprehensive biography, James W. Hilty offers a detailed and nuanced account of how Robert was transformed from a seemingly unpromising youngster, unlikely to match the accomplishments of his older brothers, to the forceful man who ran the family business, orchestrating the Kennedy quest for political power.

rfk jr hillsdale college speech: *Anyone Who Has a View* F.H. van Eemeren, J. Anthony Blair, Charles A. Willard, A. Francisca Snoeck Henkemans, 2012-12-06 This volume contains a selection of papers from the International Conference on Argumentation (Amsterdam, 2002) by prominent international scholars of argumentation theory. It provides an insightful cross-section of the current state of affairs in argumentation research. It will be of interest to all those working in the field of argumentation theory and to all scholars who are interested in recent developments in this field.

rfk jr hillsdale college speech: *Handbook of Social Indicators and Quality of Life Research* Kenneth C. Land, Alex C. Michalos, M. Joseph Sirgy, 2011-11-25 The aim of the Handbook of Social Indicators and Quality of Life Research is to create an overview of the field of Quality of Life (QOL) studies in the early years of the 21st century that can be updated and improved upon as the field evolves and the century unfolds. Social indicators are statistical time series "...used to monitor the social system, helping to identify changes and to guide intervention to alter the course of social change". Examples include unemployment rates, crime rates, estimates of life expectancy, health status indices, school enrollment rates, average achievement scores, election voting rates, and measures of subjective well-being such as satisfaction with life-as-a-whole and with specific domains or aspects of life. This book provides a review of the historical development of the field including the history of QOL in medicine and mental health as well as the research related to quality-of-work-life (QWL) programs. It discusses several of QOL main concepts: happiness, positive psychology, and subjective wellbeing. Relations between spirituality and religiousness and QOL are examined as are the effects of educational attainment on QOL and marketing, and the associations with economic growth. The book goes on to investigate methodological approaches and issues that should be considered in measuring and analysing quality of life from a quantitative perspective. The final chapters are dedicated to research on elements of QOL in a broad range of countries and populations.

rfk jr hillsdale college speech: The Psychology of Politics William F. Stone, Paul E. Schaffner, 2012-12-06 The Psychology of Politics is an introduction to political psychology. The field has a long past, but as an organized discipline, it has a short history. The long past is detailed in Jaap van Ginneken's historical first chapter of the book. The short history of political psychology as an organized discipline dates from 1978, when the International Society of Political Psychology (ISPP) was founded (Stone, 1981, 1988). The formal establishment of an interdiscipline drawing upon various social sciences had numerous predecessors in the 20th century: Wallas's (1908) *Human Nature in Politics*, Harold Lasswell's *Psychopathology and Politics* in 1930, a book with the present title by Eysenck (1954), and *The Handbook of Political Psychology*, edited by the founder of the ISPP, Jeanne Knutson. Her Handbook defined the field at the time of its publication in 1973 (see especially Davies' chapter). The present revision of Stone's (1974) work is more modest in its aspirations. It provides a selective introduction to the field, emphasizing topics that the authors believe to

be representative and important. Many psychologically relevant topics, such as political socialization, participation, voting behavior, and leadership, are not represented among our chapter titles.

rfk jr hillsdale college speech: Silent America William Alfred Whittle, 2004-11-01 Readers are invited to join the thousands who have laughed, cried, and found in *Silent America* the words they have been searching for to describe the wonder and pride they feel for America.

rfk jr hillsdale college speech: Code of Conduct Brad Thor, 2015-07-07 "Thor tops himself again and again." —Bookreporter "Feels like the TV show 24 on the page." —Associated Press #1 New York Times bestselling author Brad Thor presents his greatest thriller ever—an action-packed literary tour de force! Hidden deep within one of the world's most powerful organizations is a secret committee with a devastating agenda. Its members are afforded incredible protections—considered elites, untouchables. But when four seconds of video is captured halfway around the world and anonymously transmitted to DC, covert wheels are set in motion, and counterterrorism operative Scot Harvath is tapped to undertake the deadliest assignment of his career. What begins as a favor will evolve into a globe-spanning drama of highly personal stakes played out against a backdrop of stunning international intrigue, duplicitous political gamesmanship, and the darkest, most clandestine fears of the espionage world. With razor-sharp plotting, richly rendered characters, and heart-stopping surprises on every page, Thor isn't just at the top of his game—he owns the entire genre.

rfk jr hillsdale college speech: Schools of Thought Rexford Brown, 1993-08-10 As a result of his visits to classrooms across the nation, Brown has compiled an engaging, thought-provoking collection of classroom vignettes which show the ways in which national, state, and local school politics translate into changed classroom practices. Captures the breadth, depth, and urgency of education reform.--Bill Clinton.

rfk jr hillsdale college speech: The Education Invasion Joy Pullmann, 2017-03-14 Most Americans had no idea what Common Core was in 2013, according to polls. But it had been creeping into schools nationwide over the previous three years, and children were feeling its effects. They cried over math homework so mystifying their parents could not help them, even in elementary school. They read motley assortments of "informational text" instead of classic literature. They dreaded the high-stakes tests, in unfamiliar formats, that were increasingly controlling their classrooms. How did this latest and most sweeping "reform" of American education come in mostly under the radar? Joy Pullmann started tugging on a thread of reports from worried parents and frustrated teachers, and it led to a big tangle of history and politics, intrigue and arrogance. She unwound it to discover how a cabal of private foundation honchos and unelected public officials cooked up a set of rules for what American children must learn in core K-12 classes, and how the Obama administration pressured states to adopt them. Thus a federalized education scheme took root, despite legal prohibitions against federal involvement in curriculum. Common Core and its testing regime were touted as "an absolute game-changer in public education," yet the evidence so far suggests that kids are actually learning less under it. Why, then, was such a costly and disruptive agenda imposed on the nation's schools? Who benefits? And how can citizens regain local self-governance in education, so their children's minds will be fed a more nourishing intellectual diet and be protected from the experiments of emboldened bureaucrats? *The Education Invasion* offers answers and remedies.

rfk jr hillsdale college speech: Addicted to White the Oppressed in League with the Oppressor Jerome E. Fox, Ph.d., Ph D Jerome E Fox, 2016-12-28 How do you end oppression? Announcing a new and proven self-help strategy, *Addicted to White* by author Jerome E. Fox, Ph.D., that reveals the first step is for the oppressed to break their addiction to the values of the oppressor. Dr. Fox, a clinical licensed psychologist, analyzes global race relations, and concludes that the major challenge confronting black people everywhere is their ideological entanglement with a white social order

predicated on narcissism, greed, and violence. To demonstrate, he defines five core white values, then shows how the behavior and thinking of most black people reflect these destructive values. In the mold of Biblicist-seer-abolitionist Nat Turner, Dr. Fox adds Scriptures to his intriguing analysis to further spur critical thinking in his readers, and presents his work in a comprehensive self-help format. While *Addicted to White* will appeal to thoughtful black people around the world, thoughtful white readers will also find the book enlightening for its unique stance. Is it too late to mount an effective campaign against the spread of racial oppression? Dr. Fox doesn't think so-and here he lays out his compelling roadmap to a successful, happier future for everyone who is willing to stand up and fight back.
